Kira,

Thank you for providing EPA's notes of our July 10th meeting for review. Attached is a Word document with our edits to EWG statements. We also added statements we heard from EPA but were not included in the notes, these are identified in the comments as such. We have also included a technical memo with important clarifying information of what was said at the meeting. Please feel free to call me Ex. 6 Personal Privacy (PP)

 When EPA sends around the meeting notes from last Friday's meeting, can you please copy Joanna Florer from the Port and me?
Thanks
